

Additional Wi-Fi options for Fluke Sensors

FLUKE®

Fluke Sensors require a wireless connection to send continuous data to the cloud. Facilities with poor signal strength or no Wi-Fi at all can workaround this issue with third party hotspots, also known as Mi-Fi units.

Recommended hotspots

Jetpack Mobile Hotspot by Verizon

From the manufacturer

Bring fast, secure Wi-Fi across town or around the world with the Verizon Jetpack 4G LTE Mobile Hotspot. Connect up to 15 Wi-Fi-enabled devices such as laptops and tablets to America's largest, most reliable 4G LTE network.

\$99 + monthly contract*

COR IBR600 Router by Cradlepoint
